Full Stack Developer Intern, SURE TRUST ⟶ October 2025 – Present

- Full Stack Developer Intern with hands-on experience in Angular, Node.js, and MongoDB.
- Built and maintained responsive web applications using REST APIs and modern UI practices.
- Collaborated on end-to-end development, from frontend components to backend logic and database integration.

Full Stack Developer Intern, Codec Technologies ⟶ Nov 2025 – Feb 2026

- Worked as a Full Stack Developer Intern developing real-time features using React, Node.js, and MySQL.
- Implemented backend APIs and database schemas to support scalable application workflows.
- Debugged, tested, and optimized application performance while following industry coding standards.

Projects

Tourist-Management-System ⟶ github.com/Sayan2713/Tourist-Management

- A Full Stack Project using Python with Django
- Tools Used: Python With Django, HTML-5, CSS-3

Tour-Money-calculator ⟶ github.com/Sayan2713/Tour-Money-calculator

- Developed a React / React-Native and Node.js project to manage and split group travel expenses efficiently.
- Tools Used: React.js, React-Native, Tailwind-CSS, Node.js, MongoDB

School Management System   2021
- Built a Python-MySQL school management system for handling students and records efficiently.
- Tools Used: Python, MySQL

Smoking Alert System   2023
- An IOT project to check the pollution in air And Displayed data on a web interface
- Tools Used: Python, IOT

QR Based Entry Verification and Attendance Management System   github.com/Sayan2713/QR-Generator-Verify-System
- A real-world web application designed to generate, Verify and manage QR Code for events, office and control access environments.
- Tools Used: RESTs API, Google Sheets API

Portfolio   sayankrmondal.in
- My Personal Portfolio
- Tools Used: React, Tailwind CSS

Professional Development

- Python with Django (Training and Project)
- Python for Data Science (NPTEL)
- Internet of Things (IoT) (Training and Project)
- AI for Everyone (Coursera)
- Python For Everybody (Coursera)
- Cyber Security (Training and Project)
- Website Testing and Deployment by IBM

Volunteer

NGO-Helping Hand   July 2025 - Present
- Helped village students by visiting schools and supporting their learning and skill development.
- Assisted teachers and students in improving skills and creating better learning opportunities.
- Supported the community during festivals by distributing food, clothes, and other essentials.

Language

- English
- Hindi
- Bengali
